This request for proposal (RFP) is part of a competitive procurement process which is designed to best serve the interests of the County in obtaining complicated commodities and/or services. It also provides interested Contractors with a fair opportunity for their goods and services to be considered. The RFP process is designed to be a competitive negotiation platform, where price is not required to be the sole determinative factor. Also, the County has the flexibility to negotiate with interested vendors (one at a time) to arrive at a mutually agreeable relationship. Negotiations will be arranged with vendors in a hierarchal order, starting with the vendor selected as the primary. If a contract cannot be negotiated, negotiations will move to the second vendor, and so forth until a contract is negotiated.
SELECTION CRITERIA:
Price is a primary consideration, however it is not the only consideration to be used in the selection of an internet service provider. The service to be provided is also of major importance. Midland County will require that the successful vendor provide a service representative for all County related business, service, billing, installation, activation and termination of said service. The vendor’s ability to provide monthly billing will also be strongly considered in vendor selection.

NON-MANDATORY WALK THROUGH:
Midland County will host a walkthrough of the Midland County Courthouse for potential Service Providers. This meeting is non-mandatory. Attendance will have no impact on the evaluations of the received proposals. Service Provider employees that wish to evaluate the facility are to meet at 2:00PM on August 12, 2014 on the Ground Floor of the Midland County Courthouse. Please process through Security and wait on the Ground Floor until the walkthrough begins at 2pm.
