

RFP 20MCO568

In response refer to RFP No. 20MCO568 Addendum 1 and Response to Questions

August 24, 2020

Ladies/Gentlemen,

Please note that there have been changes made to the original request for proposal. These changes are provided below and on the following pages of this addendum. This document also contains questions submitted by prospective bidders and responses to those questions.

REVISED PART E BID QUANTITIES OF ATTACHMENT A REVISED PAGES 10 AND 11 OF ATTACHMENT D

1. There are typical erosion control details but there is no erosion control plan showing where to put the erosion controls devices (silt fence, rock check dams, and stone overflow structure)?

There are typical layout plans on the sheets with the erosion control details, Plan Sheet 4.

2. Sheet 38 shows a “proposed safety barrier” at the culvert on WCR 116. Is this guardrail? If so, there is no bid item for guardrail.?

Yes, a revised bid tab is included with this response.

3. On WCR 130, who is responsible for the fence relocations indicated on Sheet 10 at approximately stations 26+50 and 49+50 as well as on Sheet 11 at station 52+00.?

Fencing should be removed, not relocated. The labels are updated on Plan Sheets 10 and 11, included with this response.

WARNING TO CONTRACTOR:
