1. Is the agency just trying to get rid of their old guns or are they looking to purchase new ones with the trade in?

Both, we want to trade in our current guns and purchase new ones.

2. Will bid be accepted from vendors unable to attend the Appraisal?

No, that is why we are calling it a "MANDATORY Appraisal".

3. Can we have an exemption so we can still be allowed to bid and not be at the mandatory viewing?

No, we will not be giving any exemptions.

4. Can you please confirm the model number for the Sig Sauer P320 X Carry the agency wants?

There are 2 different SKUs for this one, per the manufacturer.

5. Please describe the agency's intent for shipment of the 144 weapons to the destination designated by the winning bidder. For example, who is responsible for physically packaging the weapons in a manner appropriate for shipment? Who is responsible for shipping costs, to include the cost of shipping materials?

The winning bidder will be responsible for packaging and picking up the 144 weapons within 30 days of award notification.

6. Is it a requirement for a Bidder/Representative to appear at the "Mandatory Appraisal" scheduled for August 26, 2020? If a Bidder chooses not to participate in this event, will not participating impact its position in the "hierarchal order" and its ability to negotiate a best and final offer??

Yes, it is Mandatory, therefore it is a requirement. If a bidder chooses not to participate in this event, their bid will not be considered a valid bid and will not be evaluated.

7. We've been informed there is another bid for the holsters for these weapons. Can you confirm whether this is true, or is an amendment is anticipated to add holsters to this bid?

At this time, I am unaware of and have not issued any bid for holsters. An amendment is not anticipated to add holsters.
