

Request for Proposal, JOC Contracting Services – RFP# 21MCO577

Date Required: April 20, 2021

Time Required: 1:00 pm Local Time

INTRODUCTION:

Midland County, hereafter called County, invites sealed proposals from interested qualified vendors, hereinafter called vendors, to provide construction services for a Job Order Contract. A Job Order Contract is an indefinite quantity construction contract pursuant to which the Contractor may perform an ongoing series of individual general construction projects at different locations and facilities under the jurisdiction of Midland County (“County”). **The County intends to award separate Job Order Contracts for the following trades: General Construction, HVAC, Electrical, Plumbing, and Paving. Midland County intends to utilize JOC primarily for work related to the repair and rehabilitation of various public County buildings and facilities (including the Midland County Jail and Midland Juvenile Detention Center) located in Midland County and surrounding counties.** However, Midland reserves the right to have the Contractor work on any facility or location under the jurisdiction of Midland County. Job Order Contracting is typically used for small to medium sized repair and rehabilitation work and replacement in kind projects. Work Midland County intends to use Job Order Contracting includes, but is not limited to, repair and renovations to apartments, offices, common areas, mechanical and electrical upgrades, roofing, and exterior envelope work.

The Contract Documents include a Construction Task Catalog® containing Prepriced Tasks for construction work with preset Unit Prices. All Unit Prices are based on local labor, material and equipment costs and are for the direct cost of construction.

Vendors will bid two (2) SETS of Adjustment Factors to be applied to the Unit Prices. The FIRST set of Adjustment Factors will be for performing work in NON-SECURE AREAS during Normal Working Hours and a second Adjustment Factor for performing work during Other Than Normal Working Hours. The SECOND set of Adjustment Factors will be for performing work in SECURE AREAS during Normal Working Hours and a second Adjustment Factor for performing work during Other Than Normal Working Hours. The same two Adjustment Factors apply to every Prepriced Task in the Construction Task Catalog®.

It is the intent of Midland County to award multiple Job Order Contracts to the Vendors offering the best value to Midland County in terms of technical qualifications and price.

Thereafter, as work is identified, the Contractor will attend a Joint Scope Meeting with Midland County to review and discuss the proposed work. Midland County will prepare a Detailed Scope of Work and issue a Request for Job Order Proposal to the Contractor. The Contractor will then prepare a Job Order Proposal including a Price Proposal, construction schedule, list of proposed subcontractors, and other requested documentation.

The value of the Price Proposal shall be determined by summing the total of the following calculation for each Prepriced Task: Unit Price x quantity x Adjustment Factor, plus the value of all Non-Prepriced Tasks. The Job Order Price shall equal the value of the approved Price Proposal.

If the Job Order Proposal is found to be complete and accurate, Midland County may issue a Job Order to the Contractor.

A Job Order will reference the Detailed Scope of Work and set forth the Job Order Completion Time and the Job Order Price. The Contractor will be paid the Job Order Price for completing the Detailed Scope of Work within the Job Order Completion Time.

Extra work, credits, and deletions will be contained in a Supplemental Job Order.

The following pages provide general information about the requirements and specifications for the package. The Bid attachment referred to as "JOC Supplemental Conditions" contains additional instructions to vendors and requirements related to this solicitation.

This request for proposal ("RFP") is part of a competitive procurement process which provides qualified vendors with a fair opportunity for their commodities and services to be considered, and to provide information concerning their expertise and experience in providing similar services to other customers. The RFP process provides a competitive negotiation platform, wherein price or cost is not the sole determinative factor. This process, designed to best serve the interests of the County, allows the County the flexibility to negotiate with interested, qualified vendors (following designation by the Commissioners Court, one at a time) to arrive at a mutually agreeable relationship.
