

Midland County J.P. Building and Death Investigators Building

Project Description

The proposed Midland County Justice of the Peace Building is an approximately 37,865 square feet building. The proposed Death Investigators Building is an approximately 4,293 square feet building.

Both buildings are located on South Main Street in Midland, Texas.

The J.P. Building contains offices, courtrooms, and other supporting spaces. The Death Investigators Building contains offices, workspace, and other supporting spaces.

Construction Scope of Work

Building construction will include but is not limited to concrete foundations, load bearing and non-load bearing walls, conventional structural systems, site work, mechanical, electrical, and plumbing systems, fire protection systems, security systems, drywall, masonry, and interior finishes.

A conceptual site plan and floor plans are attached.

Construction Budget

The construction budget for the project described above is \$20,000,000 but less than \$30,000,000.
