

**Request for Proposal, 18MCO539
In response refer to RFP No. 18MCO539 Addendum 1 (one)
September 14, 2018**

Gentlemen/Ladies:

Please note that there have been changes made to the original request for proposal. These changes are provided below and on the following pages of this addendum. This document also contains questions submitted by prospective bidders and responses to those questions from Dunaway.

REVISED PART C BID QUANTITIES OF ATTACHMENT A

QUESTIONS/ANSWERS:

1. Item 6 Driveways (Concrete) – the concrete driveways are different sizes for residential and commercial. Can you change the bid item to a SY price instead of EA?
No.
2. Item 8, 9, 10 CMP – Will there be concrete riprap required around the beveled ends of the CMP at each end of the driveways? If so, how will it be paid for?
No, the only concrete riprap required are the locations called out for safety end treatments.
3. Item 14 Removal of Existing Driveways, Culverts, and Headwalls – Are these different items supposed to be priced equally? Can you separate these into 3 different removal items?
We will split Item 14 into tow bid items: removal of existing driveways with culverts & headwalls, and removal of existing driveways. The culverts and headwalls noted to be removed are part of an existing driveway to be removed.

Drainage Improvements to Serve County Road 1210
