SPECIFICATION

PURPOSE:

Midland County is in need of a vendor who will provide dirt moving services at the Midland County Horseshoe facility. The services requested are listed in the below specifications. These have been divided into two operations, moving the dirt out of the Indoor Arena of the Horseshoe and moving it back in when scheduled events dictate. The move out will require care in getting the floor in reasonable shape for sweeping and cleaning by janitorial crews while the move in will require leveling and some compacting.

SUBCONTRACTOR AND/OR SUPPLIER IDENTIFICATION:

Should the Bidder subcontract any work, the Bidder shall indicate below the name of each subcontractor and/or supplier the bidder will use in the performance of the contract. The Bidder shall specify the work to be performed by the subcontractor or the materials to be provided by the supplier. Any changes in subcontractor and/or supplier listed below shall require prior approval by the Purchasing Office.

CONTRACT TERM:

This contract will last for 12 months and renew annually, unless either Midland County or Vendor provides a 30-day notice to cancel or not renew. Any increase in cost will need to be submitted to the County Judge by May 1st of each year so that the request can be reviewed and considered during the budget process. Any increases will take effect the following October 1st, the beginning of Midland County's fiscal year.

SPECIFICATIONS:

All services are to be performed at the Horseshoe as required from events scheduled. Every effort is made to minimize the need for this operation as it adds greatly to the cost of operations. On average it is projected the dirt will need to be removed 1-2 times per year and put back in 1-2 times per year. These events are planned months in advance so vendor will have advanced notice of when the service is to be performed. However, to maximize rental time we do require that the service be performed within a 72-hour period. Services have been divided into 2 areas for discussion.

A.) Removing dirt. This will require loading dirt fill on arena floor into dump trucks and moving outside to a designated area approximately 50 yards from the building. Floor should be clean enough that only sweeping and mopping is necessary to prepare for the next event. Amount to be moved is estimated to be between 1500 – 2000 cubic yards.

B.) Replacing dirt. Consists of replacing dirt removed above. Will also require leveling and some compacting depending on the type of events being scheduled.

REFERENCES:

Please provide at least 3 references for commercial projects, preferably any local/state government clients that the vendor has provided a similar type of supplies and services as requested in this RFP.

EVALUATION PROCESS:

The County will award to the bidder that submits a bid which represents the “best value” to the County. The best value shall not be based solely upon price but the bid which receives the highest cumulative score for each of the evaluation factors delineated herein.
